Sri Venkateswara Consultancy Planning & Engineering Pvt Ltd (SVCPE), established in the year 2012, a premier **Urban Infrastructure Design and Third Party Quality Control agency**. With our Expertise as Urban Planners, we are well connected and groomed with a team of expert design engineers, surveyors and estimation engineers, who are well capable of design, create, review and adapt plans for urban and modern spaces. Our expertise in maintain and address plans and designs keeping in view of economic, social and environmental issues, along with rebuild, revitalize and develop the quality meeting with all standards of living.

We follow a disciplined approach and demonstrate the infrastructure design importance, by analysing historic approach and knowledge of the place with an urbanism that is climate responsive. Our primary strengths are in-depth knowledge of entire government standards those follow with regulations towards environment, zones and building or construction codes.

Being an Urban Design consultancy, we @ SVCPE:

- Create, Adapt and Review the spaces
- Develop, Revitalize and Rebuild the area
- Address the Economic, Social and Environmental issues
- Establish frameworks and procedures for future development
- Design buildings, groups of buildings, spaces and landscapes
- Believe in Vision, Fact-finding, Illustrative and site-specific
- Follow collaborative and multi-disciplinary in shaping the art of making places
- Inspire, illustrate and define in improving and protecting the places and its benefits

We are so called architects, town-planners, and landscape designers and thus we gather the ideas from developers, architects, planners and engineers to create better places for everyone. Delivering the perfection through drawings those are specific, indicative, strategic and detailed with better ideas is our prime concept. We work closely with local planning authority and work collaboratively across all the departments with our in-house experts. Our major strengths in design and development of infrastructures are:

- Roads & Highways
- Storm Water Drains (SWD)
- Under Ground Drainage System (UGD)
- Water Supply
- Structures and Buildings
- Parks
- Graveyards
- Veg, Non-veg and super markets
- Lakes
- Irrigation systems

SVCPE Pvt Ltd, as a 3rd Party Engineering Inspection agency and materials testing laboratory, offers wide range of Quality Assurance (QA) / Quality Control (QC) services in various Infrastructure Projects from the Pre-construction phase till Post-construction, Quality checking & TPI works to various Government, Private and other sectors.

Our laboratory is well equipped for civil engineering such as fine and coarse aggregates, cement, steel, bricks, tiles, concrete cubes, solid block and water for use in concrete works etc. Mix designs of concrete, bituminous, subgrade and sub-base layer as per relevant IS code will also be provided. Geo-technical investigation is carried out by collecting disturbed and undisturbed soil samples by auguring and rotary drilling methods and reports will be furnished with recommendations.

SVCPE is accredited by National Accreditation Board for Testing and Calibration Laboratories (NABL) wide certificate number TC-9284, for its wide range of testing facilities for testing the construction materials as per ISO/IEC:17025-2017 and certified as per ISO 9001:2015, for our laboratory based in Hyderabad.

SVCPE delivers high quality services to help clients to meet the growing challenges of quality, safety, environmental protection and social responsibility. We built up a successful business based upon the values of integrity, conflicts of interest, confidentiality, believe in competence and compliance of engineering projects / consultancy services for the quality assurance of

- Highways, Bridges, Railways,
- Water Resources, Irrigation, Storm Water, Sewerage,
- Architecture, Building, Urban Planning projects for Investigation,
- Material Testing, Third Party Quality Audit,
- Planning, Designing, Design review,
- Implementation,
- Project Management & Supervision.

We have been rendering services to various Government, Semi-Government & Private organizations. We have been successful in our endeavour to achieve the growth in stature and we are now a leading consulting service in the states of Telangana, AP and proud to have left our little contribution in the infrastructure growth witnessed in India.

SVCPE is a technically competent organization with a team of experts and dedicated professionals including engineers, technicians and other experts. We adopt a well-structured Quality Assurance and Management System to carry out various types of testing and services, with a strong aim and objective. We Endeavour to keep up relentless efforts in finding quality solutions. Our aspiration to excel will continue together with experience with every delivery and improvise keeping abreast with the technical advancement. We will continue to provide the best of our services to our clients.

SURVEYING: At SVCPE, we have earned a reputation for providing quality professional surveying and mapping services to our customers. With many years of experience and distinguished talents, our staff can give you results while keeping you on schedule and budget. The use of current technology and equipment allows us to provide quality services to you in a timely and cost- effective manner. Whether you are looking for a one time survey for lot corner recovery or large development surveys, we appreciate each task and will deliver valued services that correspond to your needs.
